To the FCC:

RE: WTVJ and WSCV

From: Autism Speaks, Inc.

Autism Speaks is a non-profit 501 (c) 3 corporation dedicated to funding research, advocacy, family services and awareness about Autism Spectrum Disorders. Our mission is to give hope to all families that live with this devastating disorder. Our South Florida office is located in Deerfield Beach, Florida

I want to let you know that WTVJ has been very supportive of our cause and has been our media partner for the past two years. Over the past two years WTVJ has showcased our organization on their Today in South Florida program several times, done multiple news stories on autism and the impact Autism Speaks has had in our community, supported our Broward Walk Now for Autism Program with a walk team, the airing of Walk PSA's and providing on-air talent at the walk.

Most recently Autism Speaks partnered with WTVJ for Autism Speaks Week. During this week WTVJ not only ran news stories nightly but hosted a live telethon for our benefit on Saturday, March 29, 2008 during prime time. This event not only raised much need awareness about the life long affects of autism but helped along with sister station WPTV to raise over \$165,000 for the mission of Autism Speaks.

We are very grateful to WTVJ for all their support over the years and for doing the right thing.
